SAW + GRIP Match

Only offered from the MBA for GRIP participants

GRIP has an incentive that matches the L&I SAW reimbursement. GRIP will reimburse your company 50% of the base wages for your modified-duty workers. Paired with the 50% the state already offers through the SAW program, you can now get reimbursed 100% of the base wages for 66 days or \$20,000 per claim.

\$540,596

Total GRIP Match paid to members since inception

The GRIP program retains **over 97% of its participants** year over year.

BENEFITS & HIGHLIGHTS

Pay Less to Join! Only \$99 *Upfront (Annually)*

A great value—and all of the benefits.

What this means to you:

- **Members Only** – Qualified members will not receive a monthly billing to participate; you just need to keep your membership current and participate for more than one full year. All participation fees will be deducted from your future refunds
- All GRIP participants are eligible for refunds. 75% of the refunds are earned based on performance, and 25% are earned based on relative premium size to the group.

Focus on the Future

Here's how we do it together.

Utilize Cost-Saving Strategies:

- **Return to Work (RTW)** – The single most powerful tool an employer has in controlling workers' compensation costs is immediately providing meaningful work. *GRIP members are required to offer light/modified duty work to injured workers.*
- **Kept on Salary (KOS)** – It might take a few weeks to return your employee to modified-duty work. Providing KOS can reduce the cost of the claim helping keep refunds high. *GRIP members are required to provide KOS for 30 work days per incident*

Reimbursements
to members over
the 3 plan years

\$1,465,811

- **Stay at Work (SAW) Reimbursements** – Bringing employees back to light duty? Reward yourself by taking advantage of money that you are already paying in your rates through the SAW program.
