WFIA partners with ERNwest and their highly skilled team of workers' compensation experts, who work to help your company keep employees safe, reduce claim costs, decrease the time and frustration dealing with Labor and Industries and earn a REFUND!

HIGHLIGHTS & NEW BENEFITS

No upfront retro fees!

What this means to you:

- Members Only - you will not get monthly billing to participate; you just need to keep your membership current.
- Keep more of your money upfront!

Cost-Saving Strategies

Here's how we do it together.

- **Return to Work (RTW)** – The single most powerful tool an employer has in controlling workers' compensation costs is immediately providing meaningful work. *WFIA members are required to offer light/modified duty work to injured workers.*
- **Kept on Salary (KOS)** – It might take a few weeks to return your employee to modified-duty work. Providing KOS can reduce the cost of the claim helping keep refunds high. *WFIA members are required to provide KOS for 14 work days per incident.*
- **Stay at Work (SAW) Reimbursements** – Bringing employees back to light duty? Reward yourself by taking advantage of money that you are already paying in your rates through the SAW program.
